

ASTRONOMY AS A HOBBY

Steps to Better Enjoyment

3 Saturday Afternoons at Schuler Books

Specialists from the Grand Rapids Amateur Astronomical Association, and Chaffee Planetarium of the Public Museum explain how to explore the night sky and effectively use a telescope. **Free.**

A Telescope Clinic follows each session. Bring in your personal telescope for inspection, alignment and tips for successful observing.

Schuler Books & Music – 2660 28th St. SE

Saturday, February 4th, 1:00 – 2:30 PM.

“What can I See? - How do I Find It?”

Recommended guide books, star charts and online resources to aid your sky search.

Saturday, February 25th, 1:00 – 2:30 PM.

“How do I Use My Telescope?”

Sometimes confusing information found in instruction books or field guides is clarified.

Saturday, March 24th, 1:00 – 2:30 PM.

“How do I Take Sky Pictures?”

Expert astrophotographers tell you how, from first steps to stunning success.
